

### Tickets options:

Magic Your Way – 1 park per day

Park Hopper – visit up to all 4 parks in one day

\*\* All tickets include 3 Fast Passes per day. These pass to a separate, theoretically shorter, line for certain rides. Fast Passes can be booked in the same park. Once all 3 are used you can book additional ones to be used in any park. The more days you buy, the cheaper the ticket price. Once you have a 4 day ticket each additional day is about \$20/per ticket. After 7 each additional day is about \$10/per ticket.

### These are perks ONLY available when staying at a Walt Disney World Resort Hotel:

At no additional cost:

- **Magical Express:** Transportation to and from MCO (Orlando International Airport) and baggage transfer
- **Extra Magic Hours:** Each day parks have extra time for guests staying on property only. Some are in the morning and some are in the evening. Parks are less crowded during these hours, especially in the morning and you can ride select attractions with very low wait times.
- **Magic Bands:** This is your all-access pass to Disney: Room key, park tickets, dining pass, and can be used to make charges to your room. You will receive one free MagicBand per person. (If not at a Disney resort MagicBands can be purchased.)
- **Parking:** If you have your own car or a rental car there is no charge for parking at Disney Parks. However, fees have recently been added for parking at the Walt Disney World hotels.
- **Early Fast Pass access:** Book your Fast Passes at 60 days prior to arrival for the entire length of your trip.
- **Length of Stay Dining Reservations:** Book up 180 days prior to arrival for the entire length of your trip.

Available for additional cost:

- **The Disney Dining Plan:** The dining plans offer a prepaid option for food during your stay. There are several levels of dining. All options include a free refillable resort mug that can be used for beverages at any resort (not in parks). All credits per **night** of your stay and are available immediately and can be used any days you choose.
  - **Quick Service Dining** – Provides 2 quick service (walk-up) credits and 2 snacks credits (ice cream bars, popcorn, cotton candy, drinks)
  - **Regular Dining** – Provides 1 quick service and 1 table service per night of your stay, 2 snack credits
  - **Deluxe Dining** – Provides 3 credits that can be used on any type of meals and 2 snacks

### Offsite Properties:

- Transportation to and from the airport may or may not be included. There is no offsite property that I know of that offers luggage service.
- Generally offer transportation to parks by bus. Often times it is on a schedule which may be limited. Parking costs between \$25-40/day depending on the time of year. VIP parking is available at additional costs. (The monorail and ferry boats will still be available for use once on property.)
- FastPasses are booked 30 days prior to your park entry date. You cannot book the length of your trip at once.
  - Note, for 2018 **select** Disney Springs hotels will be able to book fast passes at 60 days and use extra magic hours.
- Dining cannot be reserved for length of trip greater than 180 days in advance.

### FREE to everyone once on the Walt Disney World Resort property :

- **Access to all Disney transportation:** buses to and from resort to park, park to park, or to Disney Springs (formerly Downtown Disney), monorail transportation, and ferry boat transportation

### Available to everyone for an additional fee:

- **Memory Maker:** This is an add-on that allows you access to ALL photos taken of you in the parks/on property. Instead of paying per picture that you want to download you have access to every single one. Ex: I had over 1,000 pictures for Saturday-Saturday trip (some extras that were from “events” we participated in and included other people).
